

## Floor Squeegees

### Straight Metal Frame Squeegees

- Heavy metal frames are zinc plated, therefore corrosion resistant and features a built in scraper designed for removal of stubborn stains.
- Durable grey/white non-marking blades are secured in place with sturdy rust resistant screws.
- All floor squeegees use tapered handles, #354T or #360T, depending on choice of lengths.
- These heavy duty floor squeegees are designed for universal use. Ideal for all industries, professional and commercial.
- Replacement blades sold separately.

## Driveway Sealer Tool

- Marino’s seal pro driveway sealer tool is ideal for applying blacktop or sealer to asphalt or concrete driveways and pathways. The fibers quickly spread the sealer while the squeegee quickly gives a smooth finish.

Code	Description	Size	kg	lbs	Cube m	Cube ft	Pack
FS1800	Block with fiber squeegee	46 cm / 18 in	3	6.61	.042	1.5	10

## Plastic Pro

- The only choice for food service applications.
- White “push/pull” blade can be easily reversed for longer life and replaced without the use of tools, simply snap into place.
- The all plastic construction consists of a fiberglass handle, permanently attached to the rugged connector which accommodates all sizes – 46, 61 and 76 cm / 18, 24 and 30 inch.
- The blade is able to withstand extremely hot liquids, grease, petroleum products and most harsh chemicals.
- These squeegees can be easily cleaned therefore ensuring high sanitary standards are maintained.
